

SCHEEPMAKER / SHIPMAKER with Dutch roots.

The website www.scheepmakerstamboom.nl deals with our genealogical research into the family name Scheepmaker originated in Holland. Links of the site give access to the digital version of a number of family trees.

For you, living elsewhere in the world and not - or not anymore - being able to read the Dutch language, the website is not very useful. But it may be interesting to you to know that the following emigrants are included in our family trees. They started a family of at least one generation Scheepmakers.

Between brackets: codes referring to the publications *Scheepmaker-Kortenhoef* en *Scheepmaker-Amsterdam*.
